

Les oies de Meidum.

To wish you a very happy
Christmas season, only
wish you could spend it in
Egypt and that we could show
you some of these wondrous
sights. . . . we're very fond

of the pictures of the geese
from ~~me~~ ^{my} ~~them~~ ^{the} beautiful
painting on plaster done
about 2000 B.C.

I was wildly excited and
delighted to receive those
copies of woman's Day on Nov. 25
— I really did feel like an
American celebrating Thanksgiving
as I never have before out here.
Thanks so much. Affectionate greetings
from Grace
